### How to Qualify to Earn the Relationship Rate and Other Related Benefits

Beginning with the calendar month following the date you open your account, you can qualify for a higher variable Relationship Rate (a variable rate that may be higher than our standard variable rate) if you have chosen to link<sup>1</sup> a Performance Checking, Virtual Wallet with Performance Spend, Performance Select Checking or Virtual Wallet with Performance Select and in any month in which you meet any one of the following requirements:

- Make a combination of 5 or more debit card and/or credit card transactions during the previous calendar month.
  - Qualifying debit card transactions are either PIN or non-PIN point-of-sale transactions made from the checking account you have chosen to link.
  - Qualifying credit card transactions are signature based point-of-sale transactions made from a PNC consumer credit card you have chosen to link to a qualifying PNC checking account.
  - Cash advances and ATM transactions are not considered qualifying transactions.
  - Transactions are considered to be made when the transaction posts to the checking or credit card account, which may be later than the date you initiated the transaction.
- Have \$2,000 in qualifying<sup>3</sup> direct deposits (\$1,000 for WorkPlace or Military Banking customers) during the previous calendar month to the Performance Checking or Virtual Wallet with Performance Spend you have chosen to link.
- Have \$5,000 in qualifying<sup>3</sup> direct deposits during the previous calendar month to the Performance Select Checking or Virtual Wallet with Performance Select you have chosen to link.

When either the standard or Relationship Rate is applied, your Premiere Money Market account will earn interest on the entire account balance each day at the interest rate and APY in effect for the appropriate balance tier. The Relationship Rate may vary depending upon the checking account type you have chosen to link. If you or we make changes to your linked checking account (it is closed, changed to a new account type or no longer linked to your Premiere Money Market account), you may no longer qualify for a Relationship Rate, or the rates may otherwise change to those in effect at the time of the change.

**We will only link accounts at your direction. If you have not directed PNC to link another account to your Premiere Money Market Account, the accounts will not be linked and you will not receive a Relationship Rate, applicable waivers of monthly service charges or other relationship benefits on your unlinked PNC accounts. The requirement that you direct us to link accounts in order for you to receive benefits applies to all of your PNC accounts.**

You may link accounts with at least one common account owner for purposes of receiving pricing benefits (for example, waiver of a monthly service charge if balance requirements are met). When you link accounts with other accounts, any account owner on any linked accounts may have access to limited information about any of the linked accounts. This is true even if that account owner is not a signer on the linked account. Also, any signer added later to one of the linked accounts will be able to see the limited information. The limited information that may be available includes, the existence of the account and information to determine if the criteria for the fee waiver and/or relationship rate benefits has been met, such as: the balance of the account, the number and total dollar amount of direct deposits received per month and the number of debit and/or credit card purchases posted per month.
